

AQUAPHYLL™ QUAD

Wall Mounted Chemical Dispensing System

Optional Aquaphyll Portable Plus

AQUAPHYLL™ QUAD WALL MOUNTED CHEMICAL DISPENSING SYSTEM

AquapHyll is the professional's choice in wall mounted chemical dispensing systems. Its clean design, easy installation and accurate chemical metering combine to create a fast, versatile and durable support system for any janitor's closet.

A wide variety of concentrated chemicals are available to clean and maintain floors, glass and hard surfaces in offices, restrooms and classrooms. With a push of a button, the system instantly mixes these chemicals with ordinary tap water to safely and consistently produce high performance cleaning chemicals with minimal waste.

EACH PACKAGE CONTAINS:

- 1 Dispenser unit
- 2 Wall bracket
- 3 Water supply tubing (6')
- 4 Instruction sheet
- 5 Label kit
- 6 Install kit including:
 - Screws (5)
 - Anchors (5)
 - Washers (3)

**Chemicals sold separately.*

Every AquapHyll Quad wall mounted chemical dispensing system comes with the necessary hardware and mounting brackets needed to install a complete system - quickly and accurately.

FLOW RATES

AquapHyll Quad offers one chemical flow rate through its dispensing units.

- The **standard flow rate** of 2.5 GPM (9.5 liters) is ideal for filling small hand-held bottles and containers and for filling large buckets and automatic scrubbing machines.

The AquapHyll Portable Plus bottle-top dispensing system is also available. This hand held unit is designed for use where wall mounted systems are not practical, or where portability of the concentrated chemical is required.

DTCQ-STYLE FLOOR CARE & SANITATION CONCENTRATES

These cleaners, maintainers, degreasers and germicides are designed to operate effectively with the AquapHyll™ Chemical Dispensing Systems. Each case of AquapHyll DTCQ chemicals contains four (4), easy-to-handle two (2) liter bottles.
