

TimberClean™

Water Based Wood Floor Cleaner

TimberClean is an effective all-purpose cleaner designed specifically for use on wood floors. When prepping a floor for a screen and recoat, TimberClean should be used after TimberClean Deep Scrub to ensure that the floor is free of any residual chemical products.

- Formulated to clean without leaving a residue.
- Can be used effectively with or without an automatic scrubber.
- Moisture evaporates quickly to prevent water damage.
- Concentrated 1:4 formulation.

DIRECTIONS

Read all directions and Safety Data Sheets (SDS) before using.

Directions For Use:

1. Vacuum or sweep the floor, making sure to remove all loose debris.
2. Mix TimberClean using a ratio of 4 parts water to 1 part cleaner.
3. Soak several clean towels in the cleaner solution and wring them until nearly dry.
4. Wrap a towel around a push broom and tack the floor. Refold the towel using clean sides as needed. Pay special attention to the corners.
5. Repeat steps 2-4 as needed.

Auto-Scrubber Application Method:

1. When using an automatic scrubber, mix TimberClean using a ratio of 4 parts water to 1 part cleaner.
2. Scrub with a red or white cleaning pad. Make sure squeegees and scrubbing pads are in good condition and in proper working order.
